EASY TERMS OFFERED TO ALL.
OPEN EVENINGS, 914 OLIVE ST.

We bought these beautiful Exposition pianos from the exhibitors at a price that enables us to sell them to you at almost half their real value, and those pianos were used other than as exhibit pianos and are much less in many instances than half their original value.

Let us take you down the aisle of our store this morning. In imagination, you are entering the door at 914 Olive street. To the right as you enter you will note a pretty little cottage upright piano in a mahogany case, small size, made by the manufacturer to sell at \$250. The mahogany case tag plainly indicates the sale price, only \$87. This pretty little upright has been admired by a host of people and many have been sold for beginners on terms of \$10 down, and \$5 monthly.

On your left as you pass along you are telling us how it looks this morning. Before night many will be taken you will notice a large French walnut cabinet grand upright with three hand-carved panels on swing desk, three pedals and patent soft stop, a thorough, standard-made piano. The manufacturer's selling price on this was \$350; our sale tag tells you the sale price is \$214. Terms cash, or \$15 cash, \$8 per month.

To the left is another new standard-made upright piano, in one of those plain, chaste mahogany cases that appeals to many people. This would in the ordinary way be low in price at \$300. The sale tag shows the sale price to be \$187. Terms, \$10 or more down, \$6 monthly, or cash.

The next piano you will note to the left as you pass along is a very handsome cabinet grand upright. Truly, it is a work of art, both as to case design and in tone quality. A fine piano, in our judgment, in upright form does not exist, and had we purchased at this in the regular way, we would have to sell it for at least \$530, but \$327 takes it, either in cash or on time payments of \$25 down, \$10 monthly.

And further on you will see one of the highest-class makes in a beautiful genuine rosewood case, something that one sees very little of nowadays, and practically all dark-cased pianos are

CLAIMS FILIPINOS RAIDED RESTAURANT

N. Thomas Sues Philippine Board at the World's Fair for \$2,500 Damages.

According to J. N. Thomas, receiver for the Pacific Cafe, in the Philippine Reservation at the World's Fair, some seventy-five or more of the Philippine Constabulary executed a flank movement on the guests at that place last Saturday and drove them headlong from the place.

As a result Thomas claims damages to the amount of \$2,500, and filed suit for that amount in the Clayton Circuit Court yesterday, permission for the same having been obtained from Judge McElhinney.

A. L. Lawrie, Herbert Stone, Gustav Neiderlein and Leon Guerrero are named as defendants in the suit. Lawrie is a member of the Philippine Constabulary and was in charge of the Philippine Reservation.

It seems that he had given orders that the restaurants close during the President's visit, but that was not complied with by Thomas, who, as the agent of the Circuit Court in the receivership proceedings, was directed to recognize the President's visit. He alleged in his petition that there were several hundred guests in the restaurant when the Scouts appeared with the order to vacate forthwith. The patrons were so badly frightened, the plaintiff says, that they have not since returned, and will not.

All of the furniture in the building has been sold to the Smith-Turner Furniture Company of Muskogee, I. T., for \$601, the original cost being \$3,000. The photographs of scenes and men of Indian Territory, representing an outlay of \$3,000, have been loaned to the Muskogee Town and Country Club, located at historic Fort Gibson, who will loan them to the Muskogee and the large relief map of Indian Territory, which cost \$2,000, will be placed temporarily in charge of the South McAlester Coal Operators Association. The school exhibit has been loaned to J. D. Bence, Superintendent of Schools of Indian Territory.

RESTORING FAMOUS MISSOURI PICTURES

Commissioners Are Receiving Congratulations for Saving Portraits From Fire.

TWO PAINTINGS ARE RUINED.

Fifty Likenesses of Men Prominent in State's History, Preserved, and Will Be Sent Back to Capitol.

Missouri's Commissioners to the World's Fair are receiving congratulations for having saved from the fire in the State pavilion at the World's Fair the portraits of the Governors of Missouri and of the judges, which were hanging in the Assembly Hall, where the blaze was the fiercest.

These paintings, fifty in number, passed through the fire with comparatively slight damage. Two were totally destroyed. The greatest damage was caused by lime water, which ate the paint off the backgrounds and the coats, but not damaging the faces.

The paintings are now at Noonan & Kocian's art galleries, being repaired, and with the exception of the two, which were totally destroyed, the portraits of Missouri's famous men will soon be back in their old places on the walls of the Capitol at Jefferson City.

A. A. Kocian, who has charge of restoring the paintings, said:

DECIDES AGAINST GUESSING CONTESTS

Advertising Schemes of Newspapers and Magazines Are Lotteries.

WYNNE MAKES AN ORDER.

Matter to Be Barred From the Mails in the Future, but Schemes Entered Upon Shall Be Finished.

Washington, Nov. 29.—An important Cabinet meeting was held today. Two questions of concern particularly were considered, the first being the appointment of a representative of the American Government, who will be a naval officer of high rank, on the tribunal which is to determine the questions which have arisen between Great Britain and Russia over the firing by Admiral Rozhkovsky's Baltic fleet upon the British trawlers in the North Sea, and the other being an opinion rendered by Attorney General Moody regarding the legality under the lottery laws of "guessing contests" which have been conducted by many newspapers and magazines.

The invitation extended to the President by Great Britain and Russia to name a member of the tribunal was considered carefully, especially by the President and Secretary Hay and Morton.

When the Cabinet adjourned no definite conclusion as to who should be selected had been reached, but it was settled definitely that the appointment would be a Rear Admiral.

Some time ago, on the request of Postmaster General Wynne, the President directed the Attorney General to submit to him an opinion as to the propriety, under the law restricting the operations of lottery enterprises through the mails, of guessing contests of various kinds. That opinion was submitted today, and was turned over by the President to Postmaster General Wynne.

Postmaster General Wynne to-night gave out the following statement:

DECLARED A LOTTERY.

"For a number of years the Post-Office Department has admitted to the mails advertisements and other matter concerning so-called 'guessing' or 'estimating' contests, the question of whether or not these schemes are lotteries has been several times presented to the Attorney General, who held that they were not lotteries within the meaning of the postal lottery act.

"In view of two recent cases, in which the Supreme Court and the New York Court of Appeals rendered opinions, the Postmaster General felt warranted in again submitting the question to the Attorney General. Following the opinions in

these two cases the Attorney General now holds that the schemes are lotteries.

"It is therefore recommended, upon the Post-Office Department to enforce the law under which the Postmaster General is authorized, upon evidence satisfactory to him, that any person or company is engaged in conducting a lottery, or other scheme for the distribution of money by chance to issue an order that all mail addressed to such person or company be returned stamped 'Fraudulent.'

"As a number of legitimate enterprises have adopted the estimating or guessing contests as a means of advertising, in view of the admission to the mails of matter pertaining to these contests without the distribution of money by chance, the Postmaster General is of the opinion that the admission of these schemes from the mails cannot be made immediately absolute.

"If such a scheme has already been entered upon in good faith, the department will not issue an order that will seriously injure a legitimate business. Each case will be handled separately, and no scheme which involves the plan ruled against by the Attorney General will be allowed to commence operations."

CRUSADE AGAINST ERECTING FLATS

Residents of Raymond Avenue Organize to Keep Out Apartment Houses.

The fight against the building of flats in the neighborhood of Raymond avenue, started by the residents of that locality last night, when a more definite shape last night, when a committee of five selected at the former meeting met at the home of J. C. Jones, No. 588 Raymond avenue, to promulgate by-laws and arrange an outline for the establishment of a permanent organization.

The committee, composed of F. H. Bacon, George Sauerbaum, C. H. Green, Jr., A. S. Partridge and J. C. Jones, and, according to their statements, the organization will be founded on such a substantial basis that it will be impossible for any syndicate to buy land in that neighborhood for the purpose of building flats. Already the charter members have subscribed \$2,000, and it is predicted that this amount will be greatly increased after the permanent organization.

The land, which, according to report, a syndicate was trying to buy for the purpose of building flats, is situated on the north side of Cabanne avenue, between King's highway and Union street. The residents in this locality claim that the establishment of apartment houses there would decrease the value of the adjoining land, which embraces all between the Suburban and the Page avenue car tracks and between Union avenue and King's highway.

They also claim that several residence portions of the city have suffered loss from the erection of flats.

The next meeting will be held Monday night in the King's Highway Cumberland Presbyterian Church and officers elected. All of the residents in the neighborhood of Raymond avenue have been invited to be present.

Pepsin Syrup Co., Monticello, Ill.

Gentlemen:—A couple of years ago while experimenting through the South, I found that by spending part of my time in marshy neighborhoods filled with miasma, my entire system was being slowly poisoned. I had chills and fever, ached all over, lost appetite and sleep. The doctors told me that I had malaria, and quinine was prescribed. I took it for two weeks and as I kept getting worse decided to change treatment. I spoke to a friend about my condition. He said that he had some of Dr. Caldwell's (Laxative) Syrup Pepsin that he wished I would try. I used it for three days and felt better, and sent for six bottles and used them while in camp. It acted like magic in driving the poison out of my system, cleansed my blood, restored my appetite, and I am now in perfect health. I keep it on hand and find that an occasional dose keeps me well.

Very truly yours,
P. Bradford Perkins,
3218 Wabash Avenue,
Chicago, Ill.
